

## Training Available for Supporting Students and Clients who are Blind Or Vision Impaired

### **THE RIDBC RENWICK CENTRE HAS A WIDE RANGE OF PROFESSIONAL LEARNING OPPORTUNITIES THAT SUPPORT YOUR CONTINUING EDUCATION NEEDS!**

A series of recorded webinars provide immediate training when you need it! There are topics that are suitable for Specialist Teachers of Vision Impairment, health nurses and other professionals, mainstream teachers and parents. We offer everything from short 30 minutes presentations to a series of 6 longer sessions to develop your skills and knowledge. We invite you to review the range of webinars available at our website: <https://shortcourses.ridbc.org.au/webinars/>. In addition to our recorded webinars, we have recorded some of our full day workshops and these can be accessed here: <https://shortcourses.ridbc.org.au/archive-digital-access/>

The RIDBC Renwick Centre has pioneered a program that will allow you to learn to produce and read Unified English Braille through our UEBOonline platform! These courses are free to engage with and all you need is internet and your computer keyboard to get started! You can learn more here: <https://uebonline.org/>

Looking for short, informative updates about teaching strategies, resources and ideas about sensory disability? Our podcast series has you covered! You can access the Renwick Centre Podcasts free at iTunes or Podbean: <https://bit.ly/2vZFc2b>

Finally, the RIDBC offers a wide range of in-person professional learning opportunities here at our North Rocks (Sydney, Australia) site! Upcoming events include supporting the inclusion of students who are blind or vision impaired in STEM subjects, or physical education sessions, and a specialist braille workshop. You can find out about these programs here: <https://shortcourses.ridbc.org.au/face-to-face/>

We look forward to supporting all your professional development needs!
