

The 84th Extraordinary Session of the Committee on the Rights of the Child

Taumeasina Island Resort 2—6 March

A UN event in partnership with the Pacific Community (SPC) and hosted by the Government of Samoa

The 84th Extraordinary Session of the Committee on the Rights of the Child is historic. It is the first time any of the United Nations Treaty Bodies have held a regional session outside of Geneva or New York. It’s happening here in Samoa, and you’re invited to attend! During the formal programme the Committee will review the Cook Islands, Tuvalu and FSM in relation to their realisation of child rights. There will also be events on climate change and an opportunity for children to meet the members. Alongside the formal programme there is a week of parallel and side events that are all open to the public. These will be held in the ‘SPC RRRT Talanoa Tent’ on the lawns of Taumeasina Island Resort. Each of the lunchtime events will be held in a talanoa format, with the audience invited to participate. All parallel events also welcome the attendance of children, students, civil society organisations, and you! The full side events programme and events description is below:
